

## Transition 2020 – Meet the Team

### **Mr A. Smith** **Computing Teacher**

*Aspiring poly-math with a short attention span*

Here's a little Q&A with the guy who looks like he should be in uniform...

#### WHAT WOULD YOU CONSIDER TO BE THE BEST ASPECTS OF BEING A SIXTH FORM TUTOR?

(Semi) Mature conversations, watching students focus on something they have an interest in and helping them excel at it.

#### WHAT DO YOU TEACH?

KS3 Computing, GCSE Computer Science, A-Level Computer Science and BTEC ICT.

#### WHAT ARE YOUR HOBBIES?

Rugby union, gaming (very cliché), mountain biking, woodworking and joinery.

#### WHAT ADVICE WOULD YOU GIVE TO YOUR Y12 SELF?

Knuckle down and enjoy it!

#### FAVOURITE GROUP (MUSIC)

Don't really have a favourite group. I like particular songs rather than artists. If I had to pick A Day To Remember and/or Funeral For A Friend. Pop Punk/Rock music is my 'go to' but I love to listen to any song that large groups of people can sing to, regardless of genre.
